Herceptin Peaceful Protest Ride

6th – 12th march 2008

From Wellington to Wellington

Ending at The Beehive

Many of us, male and female, want to see a reversal on the (Government-driven) drug company PHARMAC's current decision on only funding three treatments of Herceptin to women with early stage HER2+ breast cancer, who actually need the proven full course of 17 treatments, to optimise their chances of survival. Our women are worth it. They deserve that chance. So we're going to stand up and say so, in a way that won't be easily ignored. We're riding around the North Island, for a week, leaving Wellington on March 6th 2008, gathering rider and pillion supporters en route, arriving for a peaceful protest at The Beehive on March 12th, before PHARMAC hands down its final decision on the upcoming judicial review. Guys, the status quo hurts you too! It's your Mums, your partners, sisters and daughters that stand to be affected by PHARMAC's refusal to fund the full course of breast cancer treatment. So you don't have to be a girl, to be a part of this protest! You don't have to be a rider either! Find one, persuade them to join the protest, and get on the back! ALL supporters – men and women - deserve to have their voices heard. Let's get on our bikes and make sure that happens!

This peaceful protest is being organised as a self-funding event. Therefore, after your initial registration payment, you will need to raise \$950 by January 31st 2008, to cover accommodation and fuel costs. You will be responsible for paying for your own food for the duration of the journey. All monies will be officially audited, the accounts will be available for public inspection, and any funds remaining at the conclusion of the ride will be transferred to the Breast Cancer Aotea Coalition Herceptin Fighting Fund.
